Dear Nick,

APPROVAL OF CHANGES TO THE CVL NETWORK CHANGE STANDARD FORMS A TO X

1. The Office of Rail and Road (ORR) has today approved a proposal for changes to the CVL Network Change Standard Forms A to X, submitted to it by Seilwaith Amey Cymru/Amey Infrastructure Wales Limited (AIW) on 7 July 2021. The changes reflect the change of the company name of the CVL Infrastructure Manager from Amey Keolis Infrastructure/Seilwaith Amey Keolis Limited (AKIL) to Seilwaith Amey Cymru/Amey Infrastructure Wales Limited and an associated change of company logo.
2. ORR has reviewed the consultation responses received and has approved the proposal because it is satisfied that the changes will ensure that the Standard Forms reference the current company name of the CVL Infrastructure Manager. The changes also constitute the production of new Standard Forms for publication which require the ORR's approval. The approval of the Standard Forms is consistent with ORR's section 4 duties.
3. The amendments to the CVL Network Change Standard Forms A to X shall come into effect 7 days from the date of this notification.
4. In giving a notice of approval, ORR also copies this letter and attached notice to all parties identified under Conditions A4.1 of the CVL Network Code.
5. A copy of this letter, the approval notice and of the Standard Forms will be placed on the ORR website. A copy of the approval notice will also be placed on the ORR's public register.

Yours sincerely
